*Reach Higher*

**Inspiration** - Certified coach, 20+ year business leader, marketer, artist, cook, gardener, golfer, skier, hiker, photographer and voracious learner. I also find inspiration in my funny furry friends.

“Being assigned to a coach isn’t remedial anymore. It’s a compliment. Coaching is about fine tuning the talents of the people you have identified as leaders.”

*Dawn Pons, Director of Executive Coaching, EY (formerly Ernst and Young)*

## **Results** - *This is what my clients say....*

“Deb is non-judgmental, encouraging and insightful. With a background in business, she easily grasps the challenges I face in my own business. Her questions and suggestions enable me to move forward efficiently and in a prudent direction. I could probably do this on my own, but it would be with a lot more angst, slower progress and fewer successes.

*GG, Sustainable Behavior Consultant*

“Debbie is a rare coach. She’s got a high level of coaching skill, business know-how and she really cares. She went the extra mile to give me what I needed. Debbie thinks outside and inside the box. She’s practical and down-to-earth. I learned a lot from our sessions and I feel inspired to go forward in new and challenging directions.”
